LOOKING AHEAD TO COUNTY CORN SHOW

Local Committee Will Begin Raising Money in Few Days to Pay Cash Prizes

SILVER CUP TO BE OFFERED.

Arrangements to be Made Now So Farmers Will Prepare by Using Care in Planting

Due to the pronounced success of the county corn show held this spring in connection with Farmers Day here, Rushville business men are anxious to hold a corn show next winter on a much larger scale and help place Rush county in the position which she deserves as one of the leading corn growing counties of the state.

In order to create the interest that there should be in a corn show, a committee will raise the money at this time to pay the cash prizes so that farmers in planting their corn this spring will work with the end in view of competing in the corn show.

A committee from the Rotary club of Rushville has been conferring with D. D. Ball, county agricultural agent, in regard to plans for the show and plans are being made now for a canvass of the business men of the city to raise \$300 to be paid in cash prizes and \$50 to purchase a silver cup.

Although the rules have not been made it has been suggested that the same policy should be pursued here as in other corn shows—the winner of the cup shall retain it only for one year unless he wins it three times in succession, in which event he could be entitled to it and another cup would have to be provided.

Some farmers are in favor of the township farmers organizations holding township corn shows at the same time as the county corn show and an entry in a township show could likewise be an entry in the county show. The matter has been presented to a few township farmers associations and the sentiment seems to be strongly in favor of such a scheme. Only the boards of directors of the various township organizations would have authority to appropriate money for prizes and he question will have to be placed squarely before each board before it can be settled.

Once the money is raised for the county show prizes, however, it is felt that all the townships will more than likely join in the plan because sentiment which has been expressed on the subject seems strongly in favor of it.

The interest which is being taken in Rush county in the state five acre corn contest indicates the way interest has been revived in corn growing in Rush county. It is believed that more farmers are testing their seed corn this year than ever before, and with township and county prizes to work for, there is every reason to believe that many farmers would redouble their efforts to get a good stand of corn of better quality than they had been accustomed to raising.

There are at present twenty-one Rush county entries in the state five acre contest and the county agent predicts that there will be fifty by the last of this month. Mr. Ball has hopes of Rush county producing some hundred bushels to the acre corn in this contest. Medals are awarded by the State Corn Growers association and some local cash prizes are also offered for the best yields in Rush county.

It has been suggested that the township and county corn shows should be held about two weeks before the state corn show, which takes place the latter part of January, but the matter of the date would be left to a committee.

NEW DOOR ON BANK VAULT

A burglar proof door is being installed in the Rushville National bank on the safety deposit box vault. Workmen have been engaged most of the week in unloading the door from a motor truck and moving it into the bank. The vault is being reinforced with steel to make it absolutely burglar proof.

MOTOR TRUCK TURNS OVER

Caron's Truck is Damaged When Steering Apparatus Breaks

Jerome Caron narrowly escaped serious injury yesterday afternoon while on the way to Carthage when his motor truck turned over on the road a short distance north of Rushville. A broken part in the steering apparatus was responsible for the accident. He lost control of the truck and it ran into the ditch, turning over on a barbed wire fence. The front and rear wheels, and the top was slightly bent.

RUSH COUNTY MEDICAL SOCIETY IS REVIVED

Physicians Meet Thursday Night, Elect Officers and Decide on Monthly Sessions

DR. J. C. SEXTON PRESIDENT

The Rush County Medical Society, was reorganized last night at a "smoker" held at the office of Dr. D. D. VanOsdol, and it was decided to hold regular monthly meetings, on the first Monday of each month. The organization has not been actively engaged in recent years, and it was revived at the meeting last night.

Practically all physicians in the county were in attendance, and the meeting was called together at eight o'clock. Mrs. D. B. VanOsdol and Mrs. R. C. Hargrove acted as "waiters" for the physicians and served the refreshments.

Before adjournment, Dr. J. C. Sexton was elected president of the county organization, and Dr. J. T. Paxton was elected secretary treasurer. The purpose of the meetings will be to talk over matters relative to their profession. Two important medical meetings will take place in Rushville this year, one being the district meeting, and the other, the association meeting that met the other day in Connersville.

ARE IMPRESSED BY AN INSPECTION TRIP

Two Members of State Highway Commission and Others View Brookville Road Today

INDICATE THEY WILL TAKE IT

Two members of the state highway commission, the secretary of the commission and local good roads boosters inspected the Brookville road from here to Brookville today and the members of the commission indicated that in all probability the road would be made a part of the state highway.

Earl Crawford of Connersville and Andrew Campbell of Kendallville, members of the commission, and L. H. Wright, secretary, together with Luke W. Duffey of Indianapolis, Judge W. M. Sparks, Willard Amos, Robert L. Tompkins, Guy Gordon and Albert L. Winship, made the trip over the road from here to Brookville and from there went to Connersville. The highway commissioners, accompanied by Mr. Tompkins, Mr. Gordon and Mr. Amos, went on to Liberty and expected to return here this afternoon. Judge Sparks, Mr. Winship and Mr. Duffey came back to Rushville from Connersville.

A movement is on foot here to get the commission to take over the Brookville road as the logical route from Indianapolis to Cincinnati. The Rush county commissioners have agreed to delay building a cement road from here to the Shelby county line west of Arlington pending a definite decision by the commission.

FINED \$1 AND COSTS

Ed Woods paid a fine of a dollar and costs yesterday afternoon in Squire Stech's court, on a charge of assault and battery, which was preferred by Will Cross, of East Eighth street. The complaint stated that Woods attempted to throw Cross out of a grocery store in the northeastern part of the city last Monday.

WEEK BUSY ONE FOR COMMANDERY

Rushville Knights Templar Will Attend Ascension Day Exercises at Newcastle Sunday.

STATE CONCLAVE NEXT WEEK.

Indianapolis News' Newsboys Band will Head Local Commandery in Parade on Wednesday

Next week will be a busy one for Rushville commandery No. 49, Knights Templar because of the annual observance of Ascension Day at Newcastle next Sunday and the annual conclave of the grand commandery in Indianapolis next Tuesday, Wednesday and Thursday.

The commanderies at Knights town, Greenfield, Connersville and Muncie, in addition to Rushville and Newcastle, will participate in the Ascension Day exercises, which were held in this city last year.

Rushville is anxious to make a good showing Sunday and Knights Templars are urged to be at the Masonic Temple in full Templar uniform at 12:30 o'clock Sunday to make the trip to Newcastle in automobiles. Rushville commandery expects to have approximately seventy-five knights in line. The wives of many members will also attend the services.

The big event will be the state conclave and the second day, Wednesday, will be the big day, when the parade will take place. The headquarters for Rushville will be the Lincoln hotel, at the corner of Illinois, Washington and Kentucky avenues. Rushville knights are urged to be there in full uniform in time for the parade which will move at two o'clock.

The Indianapolis News' Newsboys Band of seventy-five pieces will head the Rushville commandery in the parade and will help materially in the big show which the local Knights expect to make. Last year the day of the parade the heat was very oppressive, but unless there is a very material change in the weather, it is expected conditions will be much better this year.

Frank M. Sparks, captain general of the Rushville commandery, will be in charge of the Rushville knights during the parade, and every knight who can possibly arrange to go, is being urged to prepare for the event, because with the newsboys band to lead them, Rushville commandery expects to make a very impressive appearance this year.

Wives and daughters of knights are being urged to attend the conclave this year because special preparations have been made for their entertainment, as the following program indicates:

Officers of the grand commandery will be escorted from the Claypool Hotel to the Masonic Temple by Raper commandery at 9:30 a. m.

Opening session of the Grand Commandery at 10.

Party at the Ohio Theatre at 10:30 a. m. for ladies of visiting sir knights. Tickets will be provided by the ladies' committee at the Lincoln Hotel.

At 12 o'clock luncheon for ladies of visiting sir knights at the Masonic Temple. Tickets will be supplied by the ladies' committee.

Commanderies will report at stations at 2 p. m. under the directions of Em. Sir Elwood Barnard, grand marshal, and Em. Sir Franklin L. Bridges, chief of staff.

Grand parade of all commanderies at 2:30. Ladies of Rushville commandery will be provided with tickets for the reviewing stand by the committee of ladies at the Lincoln Hotel.

Luncheon for all Knights Templar and their ladies at the Masonic Temple from 4:30 to 6 p. m. Knights must be in full Templar uniform or they will not be admitted. The parade will end at the Temple.

At 6:15 will begin the exemplification of the Order of the Temple by the "All Star Cast" in the asylum of Raper Commandery.

Reception and dance at Murray Temple for all Knights Templar and their ladies, Knights in Templar uniform without awards.

PURDUE ALUMNI ORGANIZED HERE

Graduates and Ex-Students of County Meet and Form Association Thursday Night

OFFICERS ARE ELECTED.

"Get Together" Dinner is Planned For Latter Part of Month—Improve Student Building

The Rush county Purdue Alumni Association was formed last night at a meeting held in the court house for that purpose, when practically every county in Indiana held a similar meeting, for the purpose of promoting renewed interest among the graduates and ex-students of Purdue University.

The meeting last night was not very well attended, as only a few of the 45 eligible in this county were in attendance. Ralph H. Miles was elected president, Donald Alexander, vice president and D. D. Ball, secretary and treasurer.

It was also decided at the meeting last night to hold a "get-together" dinner for the former students some time the latter part of this month. A summer picnic was also talked about last night.

A vigorous campaign will be launched in Indiana the first of June for membership in the county organizations, and it is expected that all former students will be enrolled as members.

At the meeting last night a telegram was read from J. B. Mull, a Rush county student now in Purdue. The message wished to impress upon the former students the necessity of organizing a county chapter.

The local association also passed a resolution approving the Purdue Student's Union building, which is being planned for erection on the grounds at Purdue, in memory of the 4,000 members of the student body that took part in the world war.

The next meeting will not be held until the dinner party, when all members and their families will be invited, and the county organization will then be definitely outlined to those who were not at the meeting last night.

MISSOURI DELEGATES ARE NOT INSTRUCTED

Republican State Convention Elects Eight Delegates-at-Large to National Convention

CONDEMNS LEAGUE COVENANT

Kansas City, May 7.—Eight delegates-at-large to the Republican national convention, uninstructed as to presidential preference, were elected by the Republican state convention yesterday.

Resolutions adopted by the convention included sections condemning the league of nations covenant without reservations; denouncing the national administration and demanding that all laws be strictly enforced.

Two of the delegates-at-large are women, and the eight alternates named are all women. Two presidential electors-at-large and sixteen district electors also were elected.

The eight delegates-at-large are United States Senator Selden S. Spencer, St. Louis; Walter S. Dick, Kansas City; Edward W. Florist, St. Louis; W. L. Cole, Union; Representative L. C. Dyer, St. Louis; Mrs. Vernona P. Swann, Joplin; Mrs. Alice Curtis Moyer, Wing of Wayne county, and J. R. A. Crossland, colored, St. Joseph. One of the alternates is a colored woman.

SUFFERS FRACTURED HIP

Mrs. George C. Wyatt, who fell and fractured her hip Wednesday night at her home in North Main street, is reported as getting along as nicely as could be expected. Mrs. Wyatt was on the front porch when she fell, and sustained a bad fracture of the hip.

BANK ROBBER IS KILLED

\$19,000 in Cash Stolen From St. Louis Bank is Recovered.

(By United Press.)

St. Louis, Mo., May 7.—Nine masked bandits held up Drovers' National bank in East St. Louis, Ill., today.

One bandit was killed and another was captured in a pistol duel. Nineteen thousand dollars in cash stolen from the bank by the bandits, was found later in an abandoned automobile.

CHARGES PROFITS ARE 100 PERCENT GREATER

W. J. Lack, Former Secretary of National Labor Board, Says Corporations Earned Stock

BEFORE RAIL LABOR BOARD

(By United Press.)

Washington, May 7.—Profits of practically all of the big corporations dealing in food, clothing and raw materials are now practically one hundred percent more than before the war, W. J. Lack, former secretary of the national labor board, told the railroad labor board today.

In supporting his testimony, Lack submitted United States treasury reports and published statements of groups of corporations showing that the average made a profit compared with the capital stock total today for the three year period, 1912-1914 and 1915 to 1918.

Lack stated that the sugar profits increased 300 percent; meat packing, 300 to 400 percent; clothing, 500 percent; shoes one hundred percent and coal 400 percent.

These figures indicated that the corporations earned enough to return their entire investment, Lack charged.

Lack appeared in behalf of the railroad workers, asking the board to approve their demands for a wage increase totalling practically one billion dollars annually. He blamed the advanced cost entirely upon profiteering.

TROOPS IN BATTLE NORTH OF MAZATLAN

Unofficial Reports State Revolutionists Are Concentrating For March on Mexico City.

TO HAVE AN ARMY OF 10,000

(By United Press.)

Douglas, Ariz., May 7.—Federal troops and revolutionary forces are fighting north of Mazatlan, according to unofficial reports to the Carranza consulate here today.

The reports are unconfirmed, however.

It is stated that the revolutionary troops are concentrating their troops for their march on Mexico City, in Sonora and Chihuahua.

One force consisting of five battalions which left Agua Prieta yesterday afternoon, was reported to have reached Sonora.

From Juarez a revolutionary army will march south to Chihuahua with the Juarez garrison. At Chihuahua the forces will be increased to at least 10,000 men.

WILL LOCATE IN MILROY

Dr. E. L. Hume Gets License to Practice Medicine.

Dr. Edwin L. Hume was issued a license this afternoon by County Clerk Loren Martin for the purpose of practicing medicine and surgery in Rush county, and stated that he would locate in Milroy. Dr. Hume is moving to this county from New Bloomfield, Mo., and will locate in the office of Dr. R. O. Kennedy of Milroy in the near future. Dr. Kennedy has purchased property in Rushville and will move here within the next week or so, and will continue his practice in this city.

WOOD PLURALITY IN STATE IS 6,107

Complete Returns From Presidential Race in Primary Gave Him a Total of 85,458 Votes

LAKE COUNTY CUTS HIS LEAD

Belated Returns From 28 Precincts Change Complexion of His Plurality Considerably

Indianapolis, Ind., May 7.—Complete returns, which have been unofficially tabulated, show that Leonard Wood won a plurality of 6,107 votes over Hiram W. Johnson in Indiana's presidential preference primary Tuesday. His total was 85,458, and that of Johnson, 79,351. Frank O. Lowden was third with 38,845, and Warren G. Harding polled 20,715.

Wood's plurality over Lowden in the state was 46,613, and his plurality over Harding was 64,743.

Returns from all except twenty-six scattering precincts out of the 3,387 in the state show that Warren T. McCray gained a majority in the Republican nomination for Governor contest, having 4,620 more votes than the combined total of James W. Pesler and Edward C. Toner. McCray's total was 108,329. Pesler had 62,110 and Toner, 49,698. Carleton B. McCulloch won a plurality of 25,670, for Democratic nomination for Governor according to unofficial tabulation of returns from all except thirty-six precincts.

Exclusive of Lake county, from which late returns, withheld from the public for several hours after the polls closed, gave Johnson an average of about 150 plurality to the precinct. Wood carried the remaining eighty-one counties of the state with a plurality of 16,063.

With the total of all candidates for presidential preference reaching 224,369, it is seen that the rate was 74.4 percent of the Republican vote in the general election two years ago for secretary of state.

What might be regarded as the sensation of Indiana's primaries Tuesday came to light Thursday afternoon when strangely belated returns from twenty-eight precincts in Lake county were received.

The returns from these precincts which evidently were not made public there until nearly forty-eight hours after the polls closed, cut Wood's plurality in the state by 4,008 votes over Johnson. Early Thursday his total stood at 9,577. The late returns, therefore, made a cut of 3,470 in Wood's lead. Lake county cut it 4,008 votes in the late returns, but Wood gained over Johnson elsewhere.

TO FORCE PASSAGE OF BILL

American Legion Begins Fight For Bonus Legislation Today

(By United Press.)

Washington, May 7.—The American Legion today began their campaign to force action on the war bonus bill.

Franklin D'Olier, national commander of the Legion, said that he had sent telegrams to all posts urging them to write or wire the congressmen, demanding the passage of the Fordney bonus bill. The measure was recently reported from the ways and means committee and is now being revised, due to the republican rejection.

JOHNSON INCREASES LEAD

San Francisco, Calif., May 7.—Five thousand, three hundred and sixty-five precincts of the 5,707 in California today gave Senator Hiram Johnson 363,734 votes against 204,461 for Hoover in Tuesday's presidential primary.

RESERVE BOARD SELECTION

Washington, May 7.—Edmund Platt, of Poughkeepsie, N. Y., a Republican representative from the Twenty-sixth New York district, has been selected by President Wilson for membership on the federal reserve board.

**URGES SORGHUM
FOR SUGAR RELIEF**

Department of Agriculture Main-
tains That Sirup Will be Val-
uable This Winter

AN INEXPENSIVE PRODUCT

Bulletin is Prepared For Anyone
Interested in Growing and
Manufacturing Sirup

Washington, May 7.—As a simple,
practical means of helping relieve
the acute sugar and sirup shortage,
the United States Department of Ag-
riculture recommends the increased
production of sorghum sirup which,
it is pointed out, requires neither
unusual skill nor expensive equip-
ment to make. Furthermore, the
methods of growing sorghum are
similar to those of corn and in that
respect involve little that is new to
many farmers. Sirup manufacture is
so simple that it can be carried on
with profit by individuals utilizing
small-sized outfits of a daily capa-
city of 100 gallons or less. Where
operations on a larger scale are fea-
sible, community plants having a
daily capacity of several hundred
gallons are suggested by the depart-
ment.

Sorghum sirup is palatable and
pleasant flavored, and is an excel-
lent table sirup. It can also be used
as a substitute for other sirups or
for sugar in making certain breads,
cakes, etc., and as a substitute for
a part of the sugar used in making
preserves and the like. The cost of
producing it at home is relatively
low and usually an individual man-
ufacturing it can readily sell any
excess over his home needs to good
advantage. Sorghum sirup produced
during the 1919 season brought the
producers from 90 cents to \$1.50 a
gallon, depending on the quality,
marketing conditions, etc. Thus far
the supply has fallen far short of
the market demand.

The United States Department of
Agriculture has prepared a brief
summary of information regarding
the growing of sorghum, and the
equipment necessary to make sirup.
A copy of this circular may be had
by addressing the Department of
Agriculture, Washington, D. C.
Those desiring more detailed infor-
mation in regard to the subject
should ask the department for Far-
mer's Bulletin 477, "Sorghum Sirup
Manufacture."

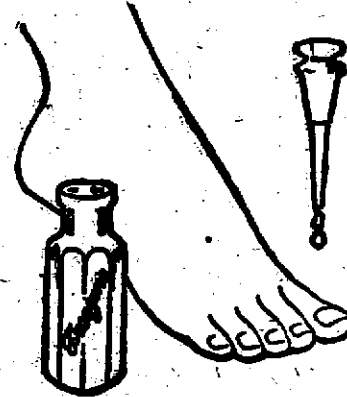

TO MEET INDIANAPOLIS BOYS

Arlington Red Sox Will Play Mer-
chants Heat & Light Co.

The Arlington Red Sox will meet
the Merchant's Heat and Light Com-
pany's team of Indianapolis, next
Sunday on the Arlington diamonds,
and a good game is expected, as the
visitors come highly recommended
as having a fast bunch of players.
The newly organized Arlington team
has been going big so far this sea-
son, and they expect to continue
with the winning, although the game
Sunday will be a hard fought one.
The Rushville Tail Lights were vic-
tims last Sunday before the Ar-
lington team.

Lift off Corns!

Doesn't hurt a bit and Freezone
costs only a few cents.

With your fingers! You can lift off
any hard corn, soft corn, or corn between
the toes, and the hard skin calluses from
bottom of feet.

A tiny bottle of "Freezone" costs little
at any drug store; apply a few drops
upon the corn or callus. Instantly it
stops hurting, then shortly you lift that
bothersome corn or callus right off, root
and all, without one bit of pain or sore-
ness. Truly! No humbug!

**ABATEMENT PLEA
OVERRULED TODAY**

Judge Anderson Decides Against
Miners in Cases Charging
Violation of Lever Law.

POSITION OF CHARLES HUGHES

Alleged Court Gave Instructions
Which Were Prejudicial to
Charges Against Lewis.

(By United Press.)

Indianapolis, Ind., May 7.—Judge
A. B. Anderson in United States dis-
trict court today overruled a plea
in abatement filed by Charles Evans
Hughes as chief counsel for the de-
fense in the government's case
against 125 coal miners indicted on
charges of violating the Lever act.

The effect of the court ruling was
that the court did not deliver pre-
judicial instructions to the now
famous coal grand jury which is in-
vestigating the entire coal industry
since the Lever law was enacted.

When these coal men were ar-
raigned yesterday Hughes filed a
plea in abatement, charging Judge
Anderson with giving instructions to
the grand jury which were pre-
judicial to the charges against
Lewis, president of the miners.

Later a similar plea in abatement
in behalf of the Indiana operators
was filed by Hughes. This was also
overruled.

Only thirty-eight miners of those
indicted appeared in the court room
today.

Those from Ohio, Pennsylvania
and Illinois were absent pending the
outcome of the suit in federal court
in which they are contesting the re-
moval of the proceedings.

The miners were from Pennsylv-
ania and Indiana.

Those from Indiana and Illinois
were awaiting the outcome of the
arraignments.

An arguments on replication filed
by the government to the plea in
abatement. Daniel Simms, special
district attorney, cited a similar
case in the New York court of ap-
peals in which the court was up-
held in giving similar instructions to
the grand jury.

Simms referred to the assertion
of Hughes yesterday that no case
should be filed bearing on the issue.

PHYSICIAN SUED FOR \$38,500 HEART BALM

Miss Zelpha Bogue Files Suit Against Dr. J. Maurer, Alleging Breach of Promise.

FORMERLY LIVED AT MARION

Los Angeles, May 7.—Dr. J. Maurer, of Marion, Ind., a widely known eye, ear, nose and throat surgeon, has been made the defendant in a damage suit by Miss Zelpha Bogue, formerly of Marion, who demands \$38,500 of the doctor for alleged breach of promise of marriage, humiliation and disgrace suffered by reason of a broken engagement and also loss of business as a milliner.

The story drawn from the complaint in the case is briefly that Dr. Maurer came here from Marion three years ago seeking health and recreation.

He renewed an acquaintance with Miss Bogue and November 5 last, it is averred, asked her to marry him. She accepted, she alleges, and began preparations for the wedding, selling a millinery shop which she conducted here. March 24, without notice to her, the complaint reads, Dr. Maurer was married to Mrs. Frances Householder and is now on his honeymoon with his bride.

FIRST CORN IS PLANTED

Farmers Are Late With Spring Work Due to Backward Season

Francis Knecht of this city, who is operating a farm north of Rushville, is reported to have planted the first corn this year. It is stated that he began planting last Saturday and has been busy all week at the job.

Corn planting is exceedingly late this spring due to the backward season. The continued rain and cold weather last month prevented farmers from plowing as much as they usually do in April. It is expected that many acres of corn will be planted next week as a number of farmers have completed their plowing and are patting the ground in condition ready for planting.

FINED ON ASSAULT CHARGE

Jesse and Charles Sorrell Attacked Harvey Prather

Charles and Jesse Sorrell each paid a fine this afternoon of a dollar and costs in Squire Stech's court on the charge of assault and battery. The two men were arrested following a fight early last Sunday morning, when Harvey Prather sustained several cuts and bruises about the face and head. Prather was able to be out today for the first time and preferred charges against the two men. In each case the fine and costs were paid.

FUNERAL IS HELD TODAY.

Funeral services for Lula V. Hudson, who died yesterday at her home in West Second street, were held this morning at 11 o'clock by Capt. Trench of the Salvation Army. The remains were shipped to Osgood for interment.

HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days, you must keep your body free from poisonous wastes. Dr. Edwards' Olive Tablets (a vegetable compound mixed with olive oil) act on the liver and bowels like calomel—yet have no dangerous after effect. Take one nightly and note results. They start the bile and overcome constipation. That's why millions of boxes are sold annually. 10c and 25c.

WRONG ADDRESS GIVEN.

Mrs. John Ziegler, who ran into an I. & C. traction car here yesterday, lives on rural route 10, Rushville, instead of Greensburg as reported yesterday. Her address was reported as Greensburg and the mistake was learned today.

The Ladies Bible class of the First Presbyterian church will hold an exchange in the Canon's Candy kitchen tomorrow morning. All members are asked to donate and have their donations at the kitchen before nine o'clock tomorrow morning.

GLASS OF WATER AFTER ASPIRIN

Bayer Company, who introduced Aspirin in 1900, give proper directions.

The Bayer Company, who introduced Aspirin tell in their careful directions in each package of genuine "Bayer Tablets of Aspirin" that to get best results one or two glasses of water should be drunk after taking tablets. "Bayer Tablets of Aspirin" to be genuine must be marked with the safety "Bayer Cross." Then you are getting the genuine, world-famous Aspirin, prescribed by physicians for over eighteen years. Each unbroken "Bayer" package contains proper directions for Colds, Headache, Toothache, Earache, Neuralgia, Lumbago, Rheumatism, Neuritis, and Pain generally. Handy tin boxes of twelve tablets cost but a few cents. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacture of Monochloroacetic Acid of Elberfeld.

JEAN PAIGÉ

Jean Paige never appeared on the stage and in fact she never made a picture until she came to the Vitagraph studio and was given a role in an O. Henry two reel feature. She is the product of a farm in Paris, Ill., and, like the farmer, makes hay while the sun shines. Soon Miss Paige was leading woman for Harry T. Morey and later for Earle Williams in "The Fortune Hunter," and now she is being co-starred with Joe Ryan in a serial.

The Preferential Primary

Many complaints are heard against the primary law, especially in state affairs, for the principal reason that it seldom settles anything. A large majority of the people unfamiliar with the law in Indiana, very naturally presumed that Major General Wood would receive the support of Indiana's thirty republican delegates to the national convention in Chicago next June.

But this is far from the case because the primary law says that to win the delegation a presidential candidate must poll a majority of the votes cast. This provision makes it easy to prevent any one candidate from receiving a majority. If one seems to be particularly popular with the people and it is desired to defeat him, all that is necessary is to bring out more candidates and divide up the vote.

The primary is supposed to overcome the evils of delegate conventions, but it is doubtful if any more voters participate in the primary than under the old convention system where delegates to the state convention were named at township conventions.

The primary may have some advantages, but they do not by any means offset its disadvantages. The primary makes necessary two campaigns where one campaign was sufficient under the convention system.

Though some candidates in the recent campaign sought to leave a different impression, the primary does make office seeking costly and puts public office beyond the reach of the man of moderate means unless he is willing to obligate himself for cash in hand or pay the debt with favors if elected, a condition which should not exist. One candidate for governor in Indiana made an issue in his campaign, the fact that he had very little money and he asked the people to refute the charge made against the primary that only a man of considerable means could win a nomination. His appeal was in vain, however, because he did not get close to the nomination.

Although the presidential preference primary does show the trend of public opinion to some extent, it does not settle anything. In all the many primaries held in the United States in recent months, out of 705 of the delegates to the republican national convention elected thus far, only 307 are instructed. These are divided among six candidates, no one of which has more than ninety. Close to five hundred votes will be required to get the nomination in the convention and only about three hundred more remain to be chosen. So it is plain to be seen that neither of the candidates can win the nomination from uninstructed delegations. Thus it is apparent that when the republican conventions meet, the delegates to nominate any of the candidates now in the race and a lot of perfectly good breathe and money has been waste.

While there may be some dissatisfaction with the primary system in Indiana, it is reported that Massachusetts yearns for a direct primary law. It is possible that the people of that state may have to learn from experience what Hoosiers have already learned. Judging from the following out of the Christian Science Monitor, of Boston, there is a desire for a direct primary law:

The presidential primaries in Massachusetts could hardly have been better arranged than they were to encourage indifference and impotence on the part of the voter. With few exceptions, the preferences of the would-be delegates to the conventions were unknown, and the best the citizen could do was to select so far as he was concerned, the man he thought most likely of those named on the ballot, to support his chosen candidate. In doing merely so he probably felt altogether foolish, for he must have realized that his political affairs were very much in

"Bill" Havens, street commissioner, has been receiving letters for several weeks from a manufacturing company that makes artificial legs and arms. All of these letters have expressed their sorrow for Mr. Havens in losing his right leg, and at the same time have consoled him with the fact that they sell the best right leg on the market.

"Bill" was of the opinion that someone was playing a joke on him, but yesterday afternoon Harry Wingert of Cincinnati, a representative of the American Artificial Limb Company, was in Rushville for the purpose of selling Mr. Havens that right leg. When he was introduced to Havens, he saw that he had lost a leg, thinking that the street commissioner had bought one from another company.

It was after a few moments of explanation that it was found that a few weeks ago a Will Havens of near Shelbyville was in the Dr. Sexton hospital here for the purpose of an amputation, and all of the correspondence was received by the Rushville man.

Sap and Salt

By BERT MOSES

Reforms are not secured with feather dusters. You have to use a shillalah.

The average man resents the practice of having his patriotism supplied in cans.

It is better to know a little, and know it well, than to know so much and still know nothing.

Some men seem to be in business more to injure their competitors than to benefit themselves.

Hez Heck says: "Nothing much would happen in this world if somebody didn't raise hell now and then."

The world is waiting for that genius who can make styles last longer so we won't have to buy duds so often.

other hands, indeed in virtually unknown hands. No wonder the total vote in the Commonwealth was ridiculously small—only about one-fifth of that cast for Republican and Democratic candidates for the governorship last November. One can even understand why, in one little hill town, according to report, only the election officers went to polls at all, and they did not go through the motions of voting. All this, however, should not be taken as meaning a lack of interest in the presidential election. The system simply does not properly serve the citizen. The whole experience is one to make converts for direct nominations.

A New York theatrical manager in Paris is preparing to spring upon the American stage some of the boldest productions of that immortal French city. Paris is going sex mad, he says, and the most persistent devotees of such performances are American tourists. He states that for once he intends to "give America what it wants"—and even a "feetle

More Benefits Sure To Follow Woman's Belief

Intends to Continue Using Trutona
To Add Reserve Strength
To Her System

Indianapolis, Ind., May 6—Mrs. Ruth Muirman, a well-known young Indianapolis woman who lives at 412 West Henry Street, is deeply grateful for the remarkable work Trutona did in her case. One needs to read her following statement to become convinced that Trutona is possessed of unusual merit. Below is what Mrs. Muirman said about the perfect tonic the other day:

"I was taken down sick a week ago last Wednesday with a terrible headache, I had a high fever and my back pained me dreadfully. In fact, it seemed that every bone in my body ached. I could hardly stand it."

"I was advised to try Trutona and it certainly worked like magic on my system. From the very first I started to improve, and today, I'm able to do my own work again. The pain in my back has disappeared, and my head doesn't trouble me any more."

"I intend to continue using Trutona, for if one bottle will do so much good, I'm sure there are further benefits in store for me. I'm thankful for the relief Trutona gave me and I hope every one troubled as I was, will try this wonderful medicine."

Trutona's healthful action reaches every portion of the body, and performs its work faithfully and efficiently. Trutona rebuilds diseased nerves and tissues, creates a healthy appetite and assists in the assimilation and digestion of the food.

Trutona is now being introduced and explained in Rushville at Hargrove & Mullin's Drug Store.—Adv.

DOLLINGS WORKERS OF DISTRICT HERE

Workers Conference Held Thursday
and C. R. Trowbridge Is Welcomed Into Organization

DINNER AT CHRISTIAN CHURCH

Rushville had the pleasure Thursday of entertaining all the representatives of the Rushville district of The R. L. Dollings Company. This meeting was in the nature of a workers' conference and also for the purpose of welcoming to the Indiana organization of the R. L. Dollings Co., C. R. Trowbridge, formerly Ohio state sales manager, now Indiana vice president and manager of the Hoosier state organization.

The district meeting opened with a well prepared and sumptuous dinner at the Main Street Christian church, served by the Ladies Aid Society. Following this the conference was held in the commissioners room at the court house. Those present were C. R. Trowbridge, Indiana vice president; Fred D. Connelley, vice president of The R. L. Dollings Company, Columbus, Ohio; Henry Benham, Indianapolis district sales manager; O. L. Towell, office manager, Indianapolis; C. B. Atkins, Butler district manager, Hamilton, Ohio; Ed Utz, Butler county sales manager, Hamilton, Ohio; William Heerman, Connersville; P. J. Suttler, Carthage; Harry Rump of Rising Sun, Ohio and Switzerland counties sales representative; Chas. F. Lamerson, Fayette county sales representative; Lawrence J. Schneider, sales representative at Oldenburg; George W. Lanahan, Greensburg, Decatur county sales representative; Bert C. Morin and Wm. McCarty, Brookville, Franklin county sales representative; A. C. Brown, Rushville, Rush county sales manager; Alva Newhouse, Rush county sales representative; Wallace G. Morgan, district manager; Miss Libby Schatz, district office secretary; Harry P. Euler and Wm. A. Young, district representatives.

MOTHER'S SUNNY SMILE

A reader of the Daily Republican has offered for publication a song which was sung many years ago and which is especially appropriate to Mother's Day, which will be observed Sunday:

When I puzzled o'er my lessons in my school days long ago,
Many were the naughty problems that I found I could not do.
But I took them all to mother and she made them plain to me,
With a sunny smile she showed me how the vexing things should be.

Chorus
Mother's sunny smile sheds sunshine o'er life's rugged road for me,
All the shadows soon pass over, Mother, when you smile on me.
When out in the world I started from that dear old farm house gate,
Mother told me to be patient and to learn to watch and wait.

As I trudged on to the city, longer grew each weary mile,
But I vowed to press on bravely, as I thought of mother's smile.
Life has taught me many lessons since I left my home so dear,
And I often wished for counsel but no mother have I near.

When the path of life grows rugged, climbing up each weary hill,
How a sunny smile from mother would my heart with courage fill.

Chorus
Mother's sunny smile sheds sunshine o'er life's rugged road for me,
All the shadows soon passed over, Mother, when you smiled on me.

THOUGH 92, SHE STILL LIKES OLD CLAY PIPE

Dennison, O., May 7—Mrs. Margaret Copeland is much concerned over the reported movement to exile tobacco. Mrs. Copeland said she would have a difficult time breaking herself of a habit she has been indulging in for 70 or 75 years. She recently celebrated her ninety-second birthday and puffed an ancient clay pipe in solid enjoyment. She firmly believes that smoking has helped prolong her life. None of this mild blend of tobacco for her, either. The more kick or bite the better she likes it.

WILL PLAY ST. PAUL AGAIN

Opponents of Tail Lights Will Seek
Revenge For Defeat

The Rushville Tail Lights will play a return game of baseball Sunday with the St. Paul team, on the latter's diamonds, and a great battle is expected, as St. Paul is out for revenge for the defeat that the local team gave them a few Sundays ago. St. Paul will have a new battery, having secured a good working pair from Indianapolis, and the locals have made a few switches in their line-up, which is as follows: Joyce, 2b; Byrne, 3b; Bennett, 1b; Poe, c; Conway, ss; Sharp, lf; Smith, rf; W. Bennett, cf; Taylor or McCarty, p. Players are requested to meet on the Third street diamonds Sunday morning at eight o'clock for practice and business matters.

CHOIR MEETS TONIGHT

The choir of the First Presbyterian church will meet tonight at seven o'clock for practice, in the church.

WOMAN STEALS HIGH PRICED SILK GARMENT

When Accused of Theft at Hogsett's Closing Out Sale, She
Rushes From The Store

BIG JAM ON THE OPENING DAY

A woman whose identity was not learned, escaped from the J. W. Hogsett store, where a closing out sale started yesterday, with a valuable silk brassiere. A customer in the store who saw her stuff the garment in the pocket of her coat, notified Mrs. J. W. Hogsett. When accused of the theft, the woman rushed from the store, shoving her way hastily through the crowd and leaving a small child behind.

The Hogsett store was literally jammed with people all day yesterday, customers continuing to attend the sale until six o'clock at night when the store closed. The crush at the opening of the sale in the morning was so severe that several women were almost overcome and had to leave the crowd and await a more convenient time for making purchases. The manager of the sale said the interest was the keenest he had ever seen in an event of this character.

Due to an error in an advertisement in the Daily Republican Wednesday evening, which was made in the rush to get the ad in the paper and go to press on time, customers saved a cent on every yard of some light dress goods which was advertised. The advertisement gave the price as 18 cents a yard, but it should have been 19 cents. Several hundred yards were sold at one cent less than the price fixed for it.

JOYFUL EATING

THRILLING FREE ACTS **STEAM CALLIOPE**

The Young Ladies Sewing Circle of St. Mary's Catholic church will meet tonight at the home of the Misses Kelly in North Sexton street.

About thirty-five couples attended the invitational dance at the K. of P. hall last evening. The Greensburg jazz orchestra furnished the music for the dancers.

Mrs. Walter Hubbard entertained the Thursday Afternoon Bridge club yesterday afternoon at her home in West Second street. A delicious luncheon was served after an afternoon of Bridge.

Mr. and Mrs. Arnold Ornes entertained members of the Rebekah lodge and a few guests last evening at their home in North Morgan street, with an informal party. The evening was enjoyed with games, music and dancing. At a late hour the hostess served refreshments, consisting of sandwiches, pickles and coffee.

Fifteen members of the Rebekah Crochet club were delightfully entertained yesterday afternoon at the home of Mrs. William Offutt at her home in East Sixth street. An important business session was held followed by a social hour, during which the guests enjoyed the time over needlework. Light refreshments were served at the close of the afternoon. Among the guests present was Mrs. G. F. Hastings of Seattle, Washington, who is the house guest of Mrs. Offutt.

Mrs. R. F. McClanahan was hostess for the members of the Woman's Foreign Missionary Society of the St. Paul's M. E. church yesterday afternoon at her home in North Morgan street. Mrs. Montgomery of Shelbyville delivered a very instructive lecture to the forty guests present on the foreign mission work in general. A musical program was given, consisting of a duet by the Rev. and Mrs. C. S. Black; a vocal quartet and a piano solo by Miss Jean McClanahan. Light refreshments were served following the program.

Mrs. Capp Miller was hostess for the Inter Nos club yesterday afternoon at her home southwest of the city. After the regular business hour the afternoon was spent in a social way. Mrs. Albert Updike gave several beautiful selections on the piano and Mrs. George Billman of Indianapolis sang a solo. Late in the afternoon the hostess served lovely refreshments. The guests at the meeting were Mrs. George Billman of Indianapolis, Mrs. Ernest Corrie, Mrs. William Hillgoss and the Misses Violet Willey and Ethel Posz.

She Believes There Is Magic In Vola-Tonic

Felt Weak All Over But Is Now Feeling Better Than in Years

Declaring there must be magic in Vola-Tonic, Mrs. Henry Letur, 4330 Eastern avenue, Cincinnati, told in detail how the medicine had helped her.

"My system all over was weakened and run down," Mrs. Letur said. "For the last seven or eight months I have been so weak and nervous that I couldn't do my housework right. My nerves were so out of order that if anybody spoke a sharp word I'd go all to pieces. The noise of a wagon passing in the street or the children playing got on my nerves."

"At night I couldn't sleep or rest but would just toss and roll about the bed and would get up the next morning feeling worse than I did the night before."

"I took Vola-Tonic and from the way it built me up I think there must be magic in it. My nerves are in much better condition now. I sleep soundly every night and get proper rest."

"In fact, I'm feeling better since taking Vola-Tonic than for years and, naturally, I'm glad to recommend the medicine that did so much for me."

Vola-Tonic, "Builder of Strength," is being specially introduced in Rushville at Frank E. Wolcott's. (Advt.)

LILA LEE

Miss Lila Lee is a most able dispenser of cheer. Only a few short years ago she was a little tot playing "Ring Around a Rosie" in the streets of Union Hill, N. J. She was induced to enter vaudeville, and a little later was entered as a candidate for laurels in the silent drama, soon becoming a "movie" star. "Keep smiling" is the motto of this little film favorite.

The annual Junior-Senior reception of the Fairview high school was held at the Fairview gymnasium Wednesday evening. The room was artistically decorated in pink and white, the class colors of the juniors and purple and gold, the class colors of the seniors. The evening was enjoyed in games, music, dancing and contests. The prize winners of the contests were Emelyn Brown and Ava Ging. The prophecy of the senior class was also read by Russell Link. The guests were the Misses Ava Ging, Jessie Davison, Vera Freeman, Cecile Whitton, Freda Custer, Eva Richardson, Dorothy Davidson, Barbara Lovejoy and Clifford Patton, Walker Daubenspeck, Stuart Tapper, Raymond Dickson and Arthur Saxon. At the close of the evening delicious refreshments of ice cream, cake and mints were served.

FEEDING CONTEST IS ON

Walker and Orange Township Have 16 Entries in Contest

The pig feeding contest which is being sponsored by the Mamilla State Bank, is now under way, there being 16 entries in Walker and Orange township of this county. The contest is being staged by the bank with three townships entered, besides the two Rush county townships, Union township from Shelby county is also in the contest. The interest is increasing daily, and much rivalry will exist between the Rush and Shelby county townships before it closes. It is not known yet how many entries will be listed from the Shelby county township.

INDICTED FOR MURDER.

South Bend, Ind., May 7.—The St. Joseph county grand jury this afternoon indicted John Wright, August Chultz and Charles Danruther for the murder of Henry Muesell and Frank Chrobot in 1916. Schultz is under arrest, but the two other men are at large.

REPRESENTATION TO BE DEMANDED

Women Will Request Equal Membership on Republican National Committee, it is Stated

LEADERS TO MEET MONDAY

Two Women Have Privilege of "Sitting In" at Meetings But They Have No Voting Power

(By United Press.)

Chicago, May 7.—Equal rights for all will be one of the issues to confront Republican leaders when they meet here Monday to straighten out the knots in the Republican party in preparation for the national convention, according to women party leaders here today.

Women it was stated, will make a stand at Monday's meeting of the committee for "fifty-fifty" representation on the national committee. Two women now have the privilege of "sitting in" at meetings of the committee, without voting power.

"Equal rights for all," said Mrs. Mabel Reimerke, executive secretary of the women's division of the national committee. "The women want to be right to be members of the national committee, and they will fight for it. If they don't get it at the meeting Monday they will probably take it up on the convention floor."

That women will figure prominently in the policy of the G. O. P. was indicated by the number of women delegates already elected to the convention, leaders said. At least five of the seventy delegates-at-large are women. Seventy-five women delegates in all have been elected.

Of the states which are sending women delegates to the Republican convention, New York leads with a total of twenty-two. Missouri is second with nineteen. Other states will send:

Minnesota, 7; Kansas, 6; Oklahoma, 4; Kentucky, 3; Utah, 2; Arizona, 1; Michigan, 4; Iowa, 2; Illinois, 1; Tennessee, 2; South Dakota, 1; and North Carolina, 1.

Appointment of a temporary chairman of the convention will be the first important decision of the committeemen Monday.

Following this, plans for seating and distribution of tickets will be adopted. When preparations for seating all delegates have been completed the seating of contested delegates will be considered.

States where contests are being made are: Florida, 8; Georgia, 17; South Carolina, 11; Oklahoma, 2; Minnesota, 1; Mississippi, 1; Tennessee, 1; and Virginia, 1.

In Florida, Georgia and South Carolina there are two sets of delegates fighting for the delegation from each state. Republicans say this is a small number of contests compared with previous years.

"It indicates that the campaign being fought is a clean cut one, devoid of a spirited campaign," said E. V. Chilson, vice-national director of the national committee.

SOCIALISTS TO NAME DEBS

Will Go Through Formality of Nominating Prisoner Tomorrow

(By United Press.)

New York, May 7.—Socialists will meet here in national convention tomorrow to go through the formality of nominating Eugene V. Debs for president on the socialist ticket. Debs apparently will have no opposition.

He is now serving twenty years in the Atlanta federal prison on charges for violating the espionage act. This probably will be the first time in history that a presidential campaign will be conducted by a candidate while serving in a federal prison.

Man Has Miraculous Escape

"I was told by our family physician that I could not live without an operation, as my liver and gall sack were in such a condition. I set the day to go to the hospital, but then I saw the advertisement of Mayr's Wonderful Remedy. Since taking it I am feeling like a two-year-old. I am sure I never could have survived an operation." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At Druggists Everywhere. (Advt.)

MAUZY'S Continues Its Big Reductions

Mauzy's hands the "High Cost of Loafing" a body blow. Since our first announcement of reduction on ladies' and misses' garments, many who appreciate real values have availed themselves of the offerings. These values surpass all our former efforts so early in the season. With utter disregard for present wholesale costs, we attach these new reductions.

Quality and quantity are always hand-in-hand at this store. We sacrifice neither for the other. There is a splendid assortment of coats, suits and dresses from which to choose — not dozens but hundreds. High class in every respect, they will challenge your admiration, and the reductions will convince you of the wisdom of purchasing now.

Handsome suits of tricotine, men's wear serge, homespun and Jersey in sizes from 16 to 44 in a variety of shades—Reduced to **\$38.95**

Pretty short coats and coats full length, every one all wool, made to wear and stay good looking—Reduced to **\$25.00**

Spring time dresses of georgette, taffeta, satin and foulards, embodying all the new style tendencies and attractive spring colorings—Reduced to **\$25.00**

Blouses of first quality georgette and crepe de chene, contrived in a variety of styles and colors, arranged on tables for your choosing **\$6.75**

The above specials are indicative of the reductions existing on almost all our garments.

New Voile Dresses New Sweaters
THE MAUZY CO.

—Arlington Christian church—Bible school at 9:30 o'clock. Morning worship and communion at 11 a. m., subject "How We May Lose the Bible." At 2 p. m. Mrs. J. F. Cunningham of Indianapolis will speak to the women at the church and at this time also the board will meet.

Sunday evening services at 7:45 o'clock, subject "The Value of A Soul." Special music will be provided at both services. Sunday will be the opening day for the Sunday school contest, which lies between the Men's and Women's classes and the boys and girls. A large attendance is desired at each of these meetings.

Cleans Without Beating and Pounding

The Cold That Hangs On

This is No. 5 of a series of advertisements, prepared by a competent physician, explaining how certain diseases which attack the air passages—such as Pneumonia, Influenza, Whooping Cough, Measles or even a long continued Cold—often leave these organs in an inflamed, congested state, thus affording a favorable foothold for invading germs. And how Vick's Vapo-Rub may be of value in this condition.

A cold is simply an inflammation of some part of the air passages—throat, larynx or bronchial tubes—just like a sore is an inflammation of the skin. A long continued cold means constant inflammation and this constant inflammation frequently weakens the air passages so that they become an easy point of attack for invading germs of more serious diseases. A "cold that hangs on," therefore, is simply nature's "red flag" indicating that there is "trouble below," and this warning should never be neglected.

Nightly applications of Vick's VapoRub will aid nature to clear up that inflammation. Because Vick's acts locally by stimulation thru the skin to draw out the inflammation, attract the blood away from the congested spots

and relieve the cough. In addition, the medicinal ingredients of Vicks are vaporized by the body heat. These vapors are breathed in all night long, thus bringing the medication to bear directly upon the inflamed areas.

Vicks should be rubbed in over the throat and chest until the skin is red—then spread on thickly and covered with hot flannel cloths. Leave the clothing loose around the neck and the bed clothes arranged in the form of a funnel so the vapors arising may be freely inhaled. If the cough is annoying, swallow a small bit of Vicks the size of a pea.

Samples to new users will be sent free on request to The Vick Chemical Company, 235 Broad Street, Greensboro, N. C.

A Tasteless Castor Oil

A remarkable new process, perfected by Spencer Kellogg & Sons, Inc., one of the world's largest manufacturers of castor oil, has made castor oil *absolutely* tasteless. Strength and purity remain the same. Nothing has been removed but that nauseating taste. This valuable new form of the good old family remedy is strongly recommended by up-to-date doctors and druggists. Children take it without even knowing it is castor oil. Take no substitutes. If you want a *really* tasteless castor oil, insist on *Kellogg's Tasteless Castor Oil*, laboratory bottled, plainly labelled

The New Way To Put Iron in the Blood

The highest medical authorities have always taught that iron was the best tonic for the blood and all agree on its great medicinal value. The trouble is that many pills and tonics said to contain iron are not to be relied upon. So that those who wish to take iron as a medicine may have a reliable source of information this announcement is made.

Quick Results Noted

The new way to restore iron to the blood—the surest and most dependable of all methods—is through the use of Acid Iron Mineral. This is a natural form of soluble iron—it is not prepared artificially by chemists like most

medicinal iron, but is found in Nature itself, combined with other highly beneficial remedial agents. The story of the discovery of this new form of iron reads almost like a fairy tale and medical science has proved in thousands of cases its remarkable blood-making powers.

Acid Iron Mineral may be procured in liquid form at any drug store. It contains no alcohol or injurious drugs and will not blacken the teeth. It has been especially noted that pale, puny children, weak, run-down persons and those enfeebled by age show improvement and exhibit increased strength almost immediately after starting treatment.

In the Spring Time

Any fool knows enough to carry an umbrella when it rains, but

the wise man is he who carries one when it is only cloudy. Any man will send for a doctor when he gets bedfast, but the wiser one is he who adopts proper measures before his illness

become serious. During a hard winter or the following spring one feels run-down, tired out, weak and nervous. Probably you have suffered from a cold, the Grip or flu, which has left you thin, weak and pale. This is the time to put your system in order. It is time for house-cleaning.

A good, old-fashioned alterative and temperance tonic is one made of wild roots and barks, without the use of alcohol, and called Dr. Pierce's Golden Medical Discovery, in tablet or liquid form. This is nature's tonic, which restores the tone of the stomach, activity of the liver and steadiness to the nerves, strengthening the whole system. First put up by Dr. Pierce over 50 years ago, now procurable at any drug store; or send 10 cents to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for trial package.

FRANK C. GEORGE

CAPTAIN EARNEST HILL of Portland, Me., who says he was not able to report for duty before taking Tanlac. Declares he feels like a new man now and is on deck every day ready for work.

"I feel just like a new man since I began taking Tanlac and I am not only willing, but I am anxious to tell other people what this medicine has done for me," said Captain Ernest H. Hill, Portland, Me., recently.

Captain Hill is in command of the Ben Hur, plying between Portland and Casco Bay. He has been in the service for ten years and is held in high regard as an officer and citizen by all who know him.

"I have suffered from indigestion and stomach trouble for the past eight years," continued Captain Hill, "and at the time I started taking Tanlac I was in such a weakened condition I could hardly stand up. When I walked I would stagger like a drunken man, and, at times, would have to hold on to something to keep from falling. After every meal I would simply suffer torment. My food would sour and I would swell up so with gas I could hardly get my breath.

"I would also have awful smothering spells at night and sometimes I would have to get up to get my breath. Lots of times I would have to open the windows and doors to let in fresh air, or go out into the open air in order to get my breath. I could not find anything to do me any good and along toward the last I became so weak and nervous I could not do my work.

"Five bottles of Tanlac have made a wonderful change in my condition. It helped me from the very first dose and now I feel as good as I did when I was twenty years old. I sleep fine and have a fine appetite and just feel like a new man in every way. I am now able to be on deck every day ready for duty."

Tanlac is sold in Rushville by F. B. Johnson Co., in Milroy by Dallas Copper, in Manilla by Geo. J. Inlow, in Arlington by Mrs. L. T. Davis, and in Carthage by Otto C. McCarty. (Adv.)

INDIANA TO PLAY IMPORTANT PART

Hoosier. Will H. Hays, is National Chairman, and Directs Arrangements For Chicago Convention

THAYER SERGEANT-AT-ARMS

Senator James E. Watson Appears to be Choice For Chairman of Resolutions Committee

Washington, May 7.—Indiana has no candidate for President this time but nevertheless Hoosier Republicans are on the boards to play a big part in the deliberations of the great national convention which is to select the Republican nominee for President. Incidentally, it might be added that it would not be putting it too strong to say that the Chicago convention will name the next President for it is generally recognized, that the country is only waiting for the November election to make a change in the national administration.

To begin with, a Hoosier—Will H. Hays—is national chairman and as such he is the directing head in making the arrangements for the Chicago convention. He has made good in such a tremendous way that most of the Presidential candidates have already expressed the hope and the wish that he be continued as the national chairman to direct the national campaign. It hasn't been so many years since Will Hays' influence was limited to one state, but today he is a great national figure and his acquaintance and influence extends into every state in the nation. He probably has the widest personal acquaintance of any man who ever served as national chairman.

Then there is Senator James E. Watson who is held in such high esteem by Republicans throughout the country that he appears to be the choice of practically every element of the party for chairman of the resolutions committee which will write the national platform. Such leaders as Senator Lodge have taken the lead in declaring in favor of Senator Watson for the platform chairmanship. Senator Watson is constantly meeting Republican leaders from various parts of the country and he is thoroughly informed as to Republican sentiment on the many great questions which will be dealt with in the platform. One of the leaders he conferred with in Washington this week was Governor Henry J. Allen, one of the leading progressive Republicans of the coun-

try. He probably will have a conference a little later with Herbert Hoover, another progressive Republican who has views on many of the great national problems with which Senator Watson desires to acquaint himself. Already he has conferred with all the leading candidates for President in order to get the benefit of their views.

Senator Harry S. New, who also is to be one of Indiana's delegates-at-large, has been a member of the national committee and also national chairman and he has an acquaintance with Republican leaders that extends throughout the country. His presence on the delegation will add

to Indiana's prestige in the convention. He is spoken of for chairman of the Indiana delegation. Governor Goodrich also has served as a member of the national committee and his counsel is sought in national party circles. State Chairman Ed Wasmuth has greatly increased his national acquaintance and influence and his views always are sought by national leaders when he makes an occasional visit to Washington. He considers the party's interests first. As a delegate he will enter the national convention with a determination to pick a candidate for President who will be a winner in November. His only interest is party

Do Not Get Careless With Your Blood Supply

Impurities Invite Disease.

You should pay particular heed to any indication that your blood supply is becoming sluggish, or that there is a lessening in its strength and vital force.

By keeping your blood purified, your system more easily wards off disease that is ever present, waiting to attack wherever there is an opening. A few bottles of S. S. S.

the great vegetable blood medicine, will revitalize your blood and give you new strength and a healthy, vigorous vitality. Everyone needs it just now to keep the system in perfect condition. Go to your drug store and get a bottle to-day, and if you need any medical advice, you can obtain it without cost by writing to Medical Director, Swift Specific Co., 109 Swift Laboratory, Atlanta, Ga.

success.

Another Hoosier who will have an important part in the national con-

vention is Ed Thayer of Greenfield and Indianapolis, who will be sergeant-at-arms at the convention.

"Sh! What would happen to me if I were your kid? Well, if you're not acquainted with Calumet Baking Powder you don't know what a good excuse I have. I Can't Help Helping Myself—they're so good! Good for me too, because Calumet Baking Powder is wholesome and easily digested. Millions of mothers use

CALUMET BAKING POWDER

because of its purity—because it always gives best results and is economical in cost and use. Calumet contains only such ingredients as have been approved officially by the U. S. Food Authorities. You save when you buy it. You save when you use it.

HIGHEST QUALITY

WORKS HARD TO AVERT FLU EPIDEMIC

Government and City Health Officials Warn People to Keep Clean.

Stay Away from People with Coughs and Colds.

"Avoid crowds if you want to avoid influenza," says Association for Improving the Conditions of New York.

Keep your hands clean, drink plenty of fresh water; sleep with windows open; eat three uniform meals a day including a good breakfast.

People who have catarrh or frequent colds invite influenza, declares a prominent Kentucky druggist.

The membrane of the throat and nose is raw, sore and tender, and makes a lovely abiding place for germs to thrive and multiply.

He advises an inexpensive home-made remedy that will bring relief in less than a day and will stop all discharge and soothe and heal the inflamed membrane in a few days.

Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same.

Pour three-quarters of an ounce of Mentholized Arcine into a pint bottle, then fill the bottle with water that has been boiled.

Gargle the throat as directed and snuff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat clean and healthy.

Nearly all druggists dispense Mentholized Arcine in vials containing exactly three-quarters of an ounce, which is all you need to make a pint of this healthful medicine.

is the dentrifice that contains the properties recommended as ideal by United States Army dental surgeons

Amusements

"Burnt Wings" at Mystic

The American screen knows few actors as well equipped for stardom as Frank Mayo, who is to be seen in his latest success, "Burnt Wings," at the Mystic Theatre today.

With inherited dramatic talent, good looks, a fine physique and the ability to portray any sort of role, Mr. Mayo finds the most congenial role of his career as the artist in "Burnt Wings."

In "Dangerous Waters," at the Mystic tomorrow, William Desmond, who has firmly established his reputation as one of the unique serio-comic actors of the screen, plays the part of a millionaire ranchman who returns to New York to save his sweetheart from the clutches of a he-vamp.

In order to wean her from the fast set he trails her to a "Feast of the Gods" given by the he-vamp, then follows her home and rescues her from the social leper who is about to enter her room at night.

Walter Perry as Dinny O'Moore is Desmond's chief aid in supplying humor. Marguerite DeLaMotte is a beautiful and sympathetic heroine. Arthur Carew, Ida Lewis, Beatrice LaPlante, and Wm. DeVaul complete a strong cast.

Children and Books.

It does the child no harm to make the acquaintance of books which were not written for children. In a home where great books that have inspired or amused successive generations are accessible, an active-minded child is likely at some time or other to get at them. If we want our children to fall in love with the better kind of books, let us provide them with opportunities for meeting such books without too much formality.

BARNEY OLDFIELD TO BE REPRESENTED IN 500-MILE AUTO RACING CLASSIC

An automobile race without Barney Oldfield, the veteran, would be like a balloon race without balloons, and although the racer "who never looked back" has retired from actual competition, he has this year, as last, entered a car in the 500-mile international sweepstakes to be held at the Indianapolis Motor Speedway, May 31. Barney spends considerable time at the track before each race grooming his car and pilot for the long grind and on the day of the race is

always a familiar figure about the track and at the pits.

Last year Oldfield entered Roscoe Saries, who created a sensation on coast tracks early last season, but was forced out of the Indianapolis affair early in the race with a broken cam shaft. But he was among the leaders while he was on the track.

Oldfield has not yet named his pilot for this year's offering to the racing fans. However, the car he has entered is an "Oldfield Special, of 182 cubic inches piston displacement, manufactured by Harry Miller, of Los Angeles.

Barney Oldfield is a fixture in auto racing. He was the first man to drive an auto a mile in less than a minute on a circular track—that feat being accomplished in 1903 in Indianapolis (He never fails to smile when he relates that he was paid \$100 for this feat).

THREE YEARS WITHOUT HOPE

A Story of Sickness and Suffering with Final Return to Health. It will do you good to read it.

No matter how long nor how much you have suffered, do not give up hope. Do not decide there is no help for you. There is. Make up your mind to get well. You can. There is a remedy in which you may place full reliance as did Mrs. Rosalia Kanis, of 39 Silver Street, New Britain, Conn. This is what she says: "I had cramps for three years and thought I would never be any better. I could not eat without distress. Slept with my mouth open and could hardly breathe. No medicine helped me. I had catarrh of the stomach. Now I have no cramps and am feeling well and healthy. I wish every suffering person would take PE-RU-NA."

Catarrh effects the mucous membranes in any organ or part. PE-RU-NA, by regulating the digestion and aiding elimination, sends a rich, pure supply of blood and nourishment to the sick and inflamed membranes and health returns.

For coughs, colds, catarrh and catarrhal conditions generally, PE-RU-NA is recommended. If you are sick, do not wait and suffer. The sooner you begin using Dr. Hartman's well-known PE-RU-NA, the sooner you may expect to be well and strong and in full possession of your health. A bottle of PE-RU-NA is the finest emergency, ready-to-take remedy to have in the house. It is fourteen ounces of prevention and protection.

Sold everywhere in tablet or liquid form.

Electric Light and Power For the Farm

"It's wonderful—hardly a sound"

Install the Celebrated Silent ALAMO

Electric Light and Power Plant

Selecting an electric light and power plant is a serious proposition. You should know how to do it wisely. You know, for instance, that the engine is the most vital part of any plant and that severe vibration which racks the engine to pieces is a menace always to be avoided.

No Vibration—No Noise

The Silent Alamo has a noiseless sleeve valve motor. It is the most efficient and quietest running type of motor ever built. In addition, there is no dangerous vibration in the Silent Alamo. Thus the efficiency of the motor is maintained, and steady, reliable service assured.

See a demonstration of this remarkable plant now. Learn for yourself why it is preferred everywhere. If you cannot come in today, phone or write for a representative.

Fence Posts That Last 40 Years

DON'T replace another decayed or broken post with one that will undergo the same process of wastage in a few years. It is a big loss of money—as much as \$50 and more a year. Long-Bell Crenated Yellow Pine Posts will mean an end to all repairs and replacements and are easily obtained.

CREOSOTED POSTS Yellow Pine

These everlasting posts of selected yellow pine of slow growth are practically decay-proof. The Long-Bell hydraulic vacuum creosoting process treats every wood cell right to the heart and makes it practically decay-proof. Why pay for fencing on short-lived posts that rot and need rot? Double life of your fencing by using posts treated the Long-Bell way. Last a Generation. Creosoted Yellow Pine Posts will give you a new fence, saving you service for decades to come. They will stand a decade of being cut by a stump puller.

SUNDY CIVIL BILL REPORTED TO HOUSE

Measure Contains Number of Items
Growing Out of Recent War—Total
is \$428,216,944.92.

SERVICE MEN BENEFITED

Recommends Payment of Military
and Naval Compensation on Account
of Death

Washington, May 7.—The Sundry Civil appropriation bill for the fiscal year 1921, the last annual appropriation bill for this session of congress, has been reported to the House by Chairman Good from the Committee on Appropriations. The total amount recommended in this bill is \$428,216,944.92. It is a cut of \$608,269,185.68 from the amount requested in the estimates by the administration. It is \$320,462,436.43 less than the amount appropriated for similar purposes for the current fiscal year.

The amount recommended in the Sundry Civil bill this year contains a number of items of appropriation growing out of the recent war, such as payment of military and naval compensation on account of death or disability of soldiers, sailors and marines; medical, surgical and hospital treatment of beneficiaries of the Bureau of War Risk Insurance; vocational rehabilitation of soldiers, sailors and marines; transportation to their homes in the United States or segregation in American cemeteries in France of the remains of American soldiers who died in the recent war; expenses of the office of the Alien Property Custodian; expenses of termination of the affairs of the United States Housing Corporation and the relief of contractors on public buildings on account of losses due to war conditions. The appropriations in this bill for four of the purposes of expenditure just enumerated comprise approximately two-thirds of the total of all the appropriations recommended in the bill.

The principal reduction in the estimates considered in connection with the bill is the elimination of the sum of \$446,270,652 submitted by the United States Shipping Board Emergency Fleet Corporation. The committee recommends a paragraph requiring that the expenses of the Fleet Corporation during the fiscal year 1921 for the completion of construction on ships, payment of claims, administrative purposes and maintenance and operation of vessels shall be paid from the receipts, limiting the amounts which may be used from ships sold prior to the approval of the act to \$15,000,000 the amount from ships sold during the year to \$30,000,000 and the amount from plant and material sold during the years to \$25,000,000. A paragraph is recommended reducing from

McIntyre

FRED HAMMER, M.D.

Note How Essex Trebles Motor Power

The swing of interest to light cars, led by champions of the Essex, calls for particular caution.

Some may think Essex only one of a finer type, marking a general advance in standards throughout the light car field.

But the facts quickly expose that mistake.

For the Essex motor is patented. No other can use it. And Essex performance, so enthusiastically admired by all motordom, is the product of that exclusive invention.

Essex has set the greatest official endurance record of 3037 miles in 50 hours. It has never been equalled by any other car, regardless of size or price.

And Essex made the world's 24 hour road-record, by traveling 1061 miles over snow covered Iowa country roads.

For cars of its piston displacement, it has won every official record, from 1 to 50 hours. It has proved speed such as only the fleetest of costly cars can rival.

And in its first year, it set a selling record never equalled in motor history.
